HIS DEATH. The Neives of Women

To Nervous Women.

"I feel as if I should fly into a thousand pieces!" "I just can't stand it another minute!"

Do you ever make use of these expressions? "Why, yes," you say. "I'm nervous and unstrung,

and I can't help it."

Do you know what makes you so nervous?

"Oh, everything! I don't know and I don't care what it is. I wish I was dead!"

STOP and listen.

People do not sympathize with you, do they? They think you can help getting wrought up in this way, if you will. They tell you to "keep cool;" not to "lose your head;" to "calm yourself;" to "avoid excitement." They will not understand that you are sick, and that you really "can't help it." You do not know yourself just what the trouble is. You have been to your doctor, but his medicine has had no effect. Every day you get more nervous. You are almost beside yourself with every small responsibility and can see no way out of it.

Why don't you write to Mrs. Pinkham!

Has it occurred to you that the pains you have every month and the dragging sensation are caused by the same trouble that makes you nervous?

Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass. No woman ever regretted writing to her, and she has helped thousands. Her medicine, Lydia E. Pinkham's Vegetable Compound, is the true help for nervous women. It regulates the monthly sickness and overcomes all those uterine derangements that excite the nerves. This is the easy and the right way to get the help you need. Read the letters from women she has helped.

When you ask for Mrs. Pinkham's medicine at your lruggist's, do not be persuaded to take something else said o be "just as good." Nothing in the world is so good for
